

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

My favorite column writer, Paul Crume, in his "Big D" column in the Dallas Morning News discussed a subject this past week that we have always wondered about and that is the abbreviation "Jno." for "John." Since Paul has a tremendous grasp of the English language and its background we are quoting his entire column here.

One of our ponderers raised the question of abbreviated names. He said "Thos." "Jas." "Benj." and "Geo." always made sense to him, but he never could understand why "John" was shortened to "Jno."

A highly critical, high-priority question like this naturally set off some research, and we have discovered that the Johns of this earth sign themselves "Jno." mainly because of the congenital inability of the English-speaking peoples to spell. In the beginning, centuries ago when most people couldn't even write enough to abbreviate it, the English form of this name was "Johannes."

In time this was shortened to "Johan" or "Johon," and then somebody dropped an "o" and made it "Jhon." The English were casual enough with their spelling in those days to use "n's" interchangeably with "h's" hence "Jno." in the abbreviation.

It doesn't make much sense, but then nothing human does.

It really doesn't make much sense to abbreviate "John" to "Jno." when they both take the same number of strokes on the typewriter.

You cannot get into a search like this without learning something, even when you have every intention of not learning anything. "John," for instance, is the most popular man's name in this country. There may be about 9,000,000 Johns in the United States, not counting the Jacks, Ians, Jeans and Juans.

There are almost as many Williams as Johns but only about half as many Georges.

A couple of names that are not very popular are Roger and Warren. Roger was originally called Hrothgar, and he had something to do with Beowulf, but it has been so long ago that I have forgotten the details.

And George came from a Greek word meaning farmer. In spirit, it could be translated these days as "Rube."

"John," itself, came from a Hebrew phrase "Jah is gracious," or "Jehovah has been gracious," depending on the authority that you wish to believe. I don't know any more Hebrew than most Johns do.

And if a John is in the Navy his name is usually Mac, and if he was a Pullman porter in the old days, his name was always George.

Vanity determines how a man uses his name. The man who chooses to sign himself "Jno." instead of "John" does so not to save effort or space but to call attention to his importance. One of the most famous men in West Texas in the old days was a commission buyer of grain who signed himself "H. Wm. Geo."

People who do not abbreviate their names also do so to call attention to their importance. Algernon Charles Swinburne wrote it that way to point out that it wasn't A. Charles Swinburne. On the other hand Thomas A. Edison wrote it his way because he preferred to bury the "Alva."

By the way, this discussion of the why's and wherefore's of "Jno." is not intended as any reflection on our own Jno. Howard, Junior or Senior, and the opinion as to why are those of Mr. Crume and not necessarily ours.

School District Planning On \$1.65 Tax Rate

The projected school tax rate has been lowered from \$1.82 to \$1.65, according to figures released this week by Hamlin School Superintendent C. F. Cook. Mr. Cook stressed the fact that these figures are still tentative and will not be final until the School Board meets following the Board of Equalization hearing that will be concluded today.

Mr. Cook said Tuesday that the District values stand at over \$20,500,000.00 following the re-evaluation and that unless the Equalization Board makes too many changes the School Budget can be met with the same tax rate as last year. This rate of \$1.65 includes \$1.33 for local maintenance and \$.32 for Bond retirement. The old rate was \$1.50 for local maintenance and \$.15 for Bond retirement.

The school district must raise \$38,574 more this year than last year to balance the local maintenance budget and \$40,017.00 to balance the bond budget. This includes the local district's share of the teacher pay raise, the cost of street paving, the cost of re-evaluation of property, the increase in bond payment and other increases in local costs.

The local operating budget is up \$53,511.00 over last year but part of this amount is offset by an increase in receipts from the State and other monies so that the actual increase in money needed is only \$38,574.

Enrollment Schedule for High School Announced

The enrollment schedule for all high school students was announced this week by Principal B. V. Newberry.

Seniors will register Tuesday, Aug. 22, from 9 to 11 a.m. Juniors will register from 1 to 3 p.m. the same day.

On Wednesday Aug. 23, the sophomores are to report between 9 and 11 a.m. and the freshmen from 1 to 3 p.m.

When the students report they will be given their schedules, books, assigned lockers and will be given other instructions regarding the opening of school.

Any student who cannot go to the school at the scheduled

for local expenses is \$498,254.00 and the total budget including the debt service on bonds is \$560,263.25. Of the local expenses, the state pays about half and the local district makes up the difference. The local district must provide all of the monies for its bonded indebtedness.

SCHOOL BUDGET

The current budget shows an increase of \$11,452.00 for administration expenses over last year which includes \$10,492.00 for the McMorries & Company for the re-evaluation and raises for the superintendent and Tax Assessor-Collector. The total figure for administration is \$40,923.00.

The increase in the new budget for instruction amounts to \$24,498.00 with the total set aside for instruction being \$374,450.00.

The budget shows no increase for Health Service, at \$2,975.00, and for pupil transportation, \$13,960.00.

Under the operation of plant, the budget shows an increase of \$1,500.00 which includes additional salaries for custodians, bringing this total to \$33,625.00.

Under maintenance of plant, the budget shows an increase of \$1,000.00 for salaries with a total \$6,000.00 under this heading.

Under the heading of fixed charges, the new budget includes an increase of \$767.00 for insurance for a total of \$4,867.00.

Other budgeted expenses include \$1,500.00 for student activities and \$1,500.00 for expenses.

Under the heading of capital outlay the budget shows an increase of \$14,354.00 with \$13,279.00 of this being for street paving. Other items under this heading include sewing machines, typewriters and other items of equipment.

Mr. Cook pointed out that the board would set the tax rate at the level needed to meet this budget and would not raise any more money than they felt was absolutely needed to operate the school for the coming year.

In talking about the increased costs of operating the local school system over the past years Mr. Cook said that the teachers have been given raises amounting to \$2,000.00 each over the past 12 years which amounts to a total increase of \$104,000.00 over the past 12 years.

He also pointed out that the cost of operating the Hamlin Schools was pretty much in line with the costs of other schools over the state of similar size. He said that the cost per pupil for Hamlin runs \$560.00 a year.

The budget for the coming year has been approved by the Oil Companies that have properties within the district and their taxable values for the year will be \$9,000,000.00 or about 44 percent of the district's values.

New students who have moved into the Hamlin School District and have not been pre-enrolled should report to the office Aug. 24 or 25.

Newberry said that a fee is required only in typing and this should be paid as early as possible. The fee is \$4.50 per year and can be paid \$2.25 a semester.

Other supplies that will be needed will be furnished by the individual students. This includes notebooks, pencils, pens and in most cases workbooks in some subjects.

MEN WORKING

This is the sign that should be lifted high in our beloved country — "Men Working." Men working with all they have and are, for a country that must show the world how to live in brotherhood and love and peace under God.

Let us resolve to dedicate anew our lives and our talents to our country and our God when we attend church this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demands for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Sylvester News...

By Mrs. R. M. Babb
Good Morning! it is going to be hot but they tell me that is what makes the cotton grow.

Visiting in the Fred Turner home over the weekend and attending church on Sunday morning were their oldest daughter, Janie, and family from Brownfield.

Spending the weekend in the Woodrow Lawlis home were, Patti and Danny Purvis of Euless and Mr. and Mrs. Mike Dobbs and son of Big Spring.

Mr. and Mrs. Jack Pursley of Ft. Worth spent a few days in the Homer Pursley home and then drove to Roby to spend some time in the Wayne Pursley home.

Visiting in the Milt Montgomery home this weekend were: Mr. and Mrs. Oscar Skelton and family of Reserve N. Mex. Marcia will stay for a couple of weeks. Richard Allred of Cisco was here over Sunday. The Skeltons also visited his sister, Mrs. Myrick, of Roby while here.

Mrs. M. D. Douglas has returned home after spending several days in Hamlin Hospital having tests and x-rays made.

Bro. and Mrs. Leverett took Melissa Hardwick, Danna Thompson and Clyde Pursley to Ft. Worth and Dallas for a tour of the Seminary, the Baptist Buildings, and the Wax Picture of the Lord's Supper.

Jackie Stephenson is feeling much better after having an ear infection.

Mrs. Luke McCollom was due to leave the hospital in Sweetwater on Sunday afternoon but is far from well.

Revival at the Baptist Church in Sylvester will begin on Aug. 13 and continue thru Aug. 20. Rev. Bill Irwin of Trent will be the evangelist.

Rev. Leverett will lead the singing and Danna Thompson will play the piano. Every one has an invitation to attend each day at 10 a. m. and 8 p. m. Prayer service is at 7:30 p. m.

Cadet Lee Lanning has completed his R. O. T. C. Training at Ft. Sill, Okla. then spent a week in Colo. He is now in Houston visiting relatives and friends. Lee is eligible now for his Commission as a 2nd Lt. when he finishes A&M this next term.

Wheat Producers Can Substitute On Barley Base Acreage In 1968

Wheat producers desiring to

duction on barley base acreage
can do so for the 1968 crop.
It was announced today by the
U. S. Department of Agricul-
ture.

Barley will not be in the
food grain diversion next ses-
son. Consequently no diversion
from the barley base acreage
will be required of wheat pro-
ducers requesting the establish-
ment of a barley base for the

eligible for barley price sup-
port regardless of acreage.
